**STATE FORM AND INSTRUCTION SHEET MAY BE FOUND AT [WWW.AIR.KY.GOV](http://WWW.AIR.KY.GOV), It is form 7036.**

The following items are required before starting work.

1. (Commercial only) Contact a Kentucky certified asbestos contractor to complete an asbestos inspection and obtain a written report.
2. (Commercial only) Complete the KY Division of Air Quality (DAQ) Notification of Asbestos Abatement/Demolition/Renovation (form ID 70). This is required even when no asbestos containing materials are found.
3. Contact 8-1-1 to have all utility lines marked on the property.
4. Contact all utility companies to have services disconnected.
5. Complete the City of Corbin Demolition Permit Application.
6. Submit to the City's Planning & Development Department:
  - a. Completed Demolition Permit Application
  - b. (Commercial only) Copy of the KY DAQ Notification
  - c. (Commercial only) Copy of the asbestos report
  - d. Evidence of the contractor's City Business License and Kentucky workers compensation coverage.
  - e. Work must begin within (30) calendar business days and be completed within ninety (90) calendar days.
7. Contractor is responsible to notify and comply with STATE EPA regulations.

Permit fee: \$100

If the property is not to be redeveloped immediately following demolition.

The property owner/contractor must remove all footers/foundations, restore proper grading and drainage & fill any void with rock free dirt.

Seed and straw entire site.

All work to be approved by City Inspector
